## MAY DISARM THE CUBANS

Should They Refuse to Accept Our Government's \$3,000,000 Offer. Havana, March 14.-A public manifestation upon the part of the different patriotic clubs, in which the general public unsisted, was held at 4 o'clock yesterday afternoon. The people who took part in the demonstration marched with music and banners to Quinta, where they expressed to General Gomes their adherence to himself and their disapproval of the action of the Cuban assembly in removing him from the of-fice of general in chief of the Cuban

While the people were cheering Gomes and crying "Down with the assembly" that body was in session, and many flery apecches were made. A vote of expul-sion was passed on Senor Gonzalez de Quesada for being "a traitor to the as sembly and an accomplice of Gomez." Should a portion of the Cuban army support the military assembly in rejecting the Gomez-Porter agreement and in refusing to disband without larger sum than \$3,000,000, forcible dis armament, in the opinion of American well qualified to judge, would follow This is the only grave fact in an other

#### SALISBURY'S FIERCE FIRE.

Ffremen From Wilmington and Posomoke City Saved Maryland Town. Salisbury, Md., March 14.-With the assistance of engines sent here from Wilmington and Pocomoke City a dis-astrons fire, which for hours threatened the destruction of the lower portion of this city, was gotten under control yes-terday, after having raged for nearly eight hours. Jackson's lumber mill No. with nearly 5,000,000 feet of lumber, and the freight sheds of the Baltimore Chesapenke and Atlantic railroad were consumed, with a total loss, approximately, of \$75,000.

The fire, which started at 4 o'clock in the morning, was one of the largest that has visited this section of the state for many years. Sparks from the burning property were carried in every direction by the high wind, and it was soon apparent that the local firemen, bravely as they fought, would not be able to subdue the flames. Messages were sent to Wilmington and Pocomoke City, and by 7 o'clock three engine com-panies from those places arrived and went to work with a will. After hard fighting the combined forces succeeded in confining the flames to the original territory, and then concentrating their efforts soon had the fire under control There is a growing impression that firebugs started the blaze. One man says he saw somebody setting the mill on fire, and that when the flames broke out they were seen in a dozen places at once. It is also said that the incendiary, finding that the blaze he had first started would not burn, went back and started it again. No arrests have been made as yet.

Invitations have also been extended to Gov-ernor Roosevelt, the state treasurer, controller and the superintendent of the banking department. About 100 guests are expected. This gathering will prob-ably represent the largest aggregation of capital that has ever been seen in this city around a banquet table. A careful estimate of the money interests to be represented puts the total at vi.750,
